The Daily Gazetteer.

WEDNESDAY, SEPTEMBER 13. 1738. N° 1005.

Yesterday arrived the Mail due from Holland.

Petersburg, Aug. 19. *O. S.*

THE Court has had no Expreſs from the Marſhal de Munich ſince that which arrived this Day ſe'nnight; yet 'tis ſaid Advice is come by other Canals, that the Marſhal not being able to paſs the Nieſter at the Place where he firſt took Poſt, decamp'd in order to ſeek a more commodious Place to paſs it; and that the Turks miſtaking their Retreat for a Flight, paſſed the Nieſter themſelves, and fell with great Fury upon the Ruſſian Army, but were vigorouſly repulſed, and abſolutely defeated. The Confirmation and Particulars of this Engagement, are expected by a Courier from the Marſhal de Munich, tho' 'tis fear'd he has fallen into the Hands of the Tartars.

Warſaw, Aug. 26. *O. S.* The Letters from the Ukraine ſay, there has been an Action upon the Nieſter; but they don't mention the Particulars, nor which Side was the Victor.

The laſt Letters from Podolia ſay alſo, that the Ruſſian Army, commanded by the Velt Marſhal de Munich, has had a 5th Engagement with the Turks near the Nieſter, but they differ with reſpect to the Day, ſome fixing it on the 27th of July, and others on the 28th O. S. 'Tis alſo affirm'd, that the Ruſſian Army has paſſed the Nieſter. 'Tis probable we ſhall hear the Truth of this News by the next Poſt.

Belgrade, Aug. 17. *O. S.* The Prince of Saxe Hilburghauſen being perfectly recovered, is ſet out for the Imperial Army, which is now incamped at Grotzka, 10 or 12 Leagues from this City. The laſt Advices from Boſnia ſay, that the Baſhaw of that Province has received Orders to aſſemble all the Regular Forces under his Command in a Body, and there with to march forthwith to join the Grand Vizier, who is advancing nearer and nearer with the Bulk of his Army to that of the Imperialiſts. For ſeveral Days paſt all Hands have been at Work upon the Fortifications of this Place to put them in a State of Defence, and ſome Gunners are ſhortly expected here from Peterwaradin, to ſupply the Place of thoſe that have been lately ſent to Temiſwaer. The contagious Diſtempers ſtill make great Ravages in ſeveral Parts of the Bannat, and Guards have been poſted on the Frontiers to keep out all infected Perſons. People talk variouſly of the Circumſtances previous to the Surrender of the Fortreſs of Orſova. The moſt common Opinion is, that the ſudden and extraordinary Fall of the Danube, has very much contributed to the taking of that Place, the Turks having found Means to approach it by Means of the Sand Banks, which appeared all on a ſudden. The Capitulation which was granted to the Gariſon, has not yet been publiſhed.

Vienna, Aug. 26. *O. S.* 'Tis certain that the Turks are marching in three Bodies towards the Frontiers of Hungary. The Chief, which is commanded by the Grand Vizier, advances towards the Morave in Servia, where 'tis ſaid he has cauſed a Bridge to be laid, and 'tis probable, if it paſſes that River, there will be a Battle. The two other Bodies of the Ottoman Troops are marching through the Bannat of Temiſwaer. The Imperial Army is advancing near Belgrade. The Infantry is incamped at Wiſniza, a League from this Place; and the Cavalry near the Save, by reaſon of the great Plenty of Forage there. The firſt Column of Bavarian Troops that are enter'd into the Service of the Emperor, arrived here two Days ago to the Number of 4000 Men, and the reſt are expected in three or four Days. 'Tis ſaid the Hungarians have engaged to raiſe and maintain 30,000 Men well arm'd, at their own Expence, to act againſt the Infidels; and that upon this Conſideration, his Imperial Majeſty has granted them the Liberty of exporting all Sorts of Commodities out of the Kingdom for 6 Years. We have received Advices that the Gariſon of Orſova arrived the 18th Inſtant at Vipulanka.

Legborn, Aug. 19. *O. S.* The laſt Letters from Smyrna ſay, that upon Advice that Sarey Bey Oglow, the Chief of the Rebels in thoſe Parts, had undertaken the Siege of the City of Tiria, the Baſhaw of three Tails, who was arrived with ſome Troops to reduce thoſe Rebels, had detached 600 Men, with Orders to throw themſelves into the Place to help the Inhabitants to defend themſelves, but that the ſaid Detachment was beat by the Rebels, who continued to commit great Diſorders about Smyrna, ſo that the Inhabitants of the Flat Country were forced to fly for Shelter to that City, to which the Baſhaw had alſo been obliged to retire with the Forces he had left. The Letters add, that the Rebel Bey cauſed Money to be coined in the Fortreſs which he had choſen for his Reſidence; that his Party augmented every Day, and that he had laid a great Part of the Country under Contribution.

Naples, Aug. 15. *O. S.* They write from Trapani in Sicily, that an Algerine Galley had been brought in thither, which was taken near the Latitude of Muzara, with 24 Turks on board. The Commander of this Veſſel having caſt Anchor in a Creek, put 12 Turks aſhore, who preſently ſeiz'd and carried off a Woman and a Child; but the Shrieks of the Woman having drawn a great Number of Peaſants to the Place, the latter ſo vigorouſly purſued the Corſairs that they went aboard the Ship with them, maſter'd her, and made the 24 Turks that were on board their Slaves.

Rome, Aug. 19. *O. S.* The late Cardinal Barberini is ſucceeded as Dean of the Sacred College by Cardinal Ottoboni, Protector of France. The 14th Inſtant O. S. being the Feſtival of St. Lewis, King of France, the Duke of St. Aignan, his moſt Chriſtian Majeſty's Ambaſſador, 27 Cardinals, and a great Number of Prelates and other Perſons of Diſtinction, went to the French Church dedicated to that Saint, to aſſiſt in the Divine Service there celebrated, and at Night he gave a rich Collation to the Cardinals Ottoboni, Acquaviva, Albani and Corſini, to the Chevalier de St. George, and to the Princes his Sons, to the Ambaſſadors of Venice and Bologna, to the Count de Harrach, and to ſeveral other Lords and Ladies.

Gravelin, Sept 2. *O. S* There are now in the Neighbourhood of this Town, 5000 Men of Regular Forces, and 800 Pioniers, at work on the Canal that is making here. The Troops are incamp'd under Tents along the Canal, and are relieved every 6 Weeks. The Canal which runs from the Town to the Sea, will be 51 Feet in Depth, and 198 in Breadth. Men of War may come into the Harbour with all their Sails up. Several Trenches are cut in order to divide the Waters by means of the Sluices, and to hinder any Inundation that might happen from a high Tide, and do great Damage both to the Town and Neighbourhood. The Works go on with ſuch Succeſs, that 'tis reckon'd the Whole will be finiſhed in ſome Months. The Diſcovery of the famous Canal which Julius Cæſar cauſed to be made near this Town, and in which the Emperor might lay up 500 Veſſels, very much facilitates this Work, and leſſens the Expences of it. We hear that all the Ports of Normandy are repairing and fortifying, and in particular that of Cherbourg.

SCOTLAND.

Edinburgh, Sept 4. Friday laſt Capt. Neil Macleod, one of the Officers of the City Guard, acquainted the Town-council, That (being ordered by General Wade to attend his Poſt as Deputy Governor of Blackneſs Caſtle) he could no longer attend the Service of the City: They thereupon reſcinded their Act in his favours, and made Choice of Thomas Dalziel, late an Officer of Tyrrel's Regiment, in his Place.

The ſame Day died here, the Rev. Mr. Patrick Rae, an eminent Miniſter of the Epiſcopal Communion, diſtinguiſhed for his Piety and Learning.

Among the many unfortunate Girls who were mad enough to deſert their Service and follow the Drum, with the Troops that were laſt here, the wretched Fate of one in particular is moſt deplorable; who, tho' ſhe had been beat and kick'd by the Soldier ſhe went along with, (and to whom ſhe to the laſt affirm'd ſhe was married) yet continued trudging after him, till he calling her a Whore, ſhe took it in ſo bad part, that ſhe returned to the Neighbourhood of Dalkeith laſt Week, where giving herſelf up to the deſperate Apprehenſions of her ſhameful and unhappy State, ſhe cut an Artery of her Arm, and bled to Death.
